This action declares that meetings of pious women by themselves for conversation and prayer are entirely approved, but to teach and exhort or lead in prayer in public and promiseurous assemblies is clearly forbidden to women in the holy oracles.

The Assembly, this afternoon, discussed a report touching the Presbyterian relations of certain ministers of the Church. A report was presented proposing an overture to be sent down to the Presbyteries altering the Constitution so as to provide distinctly for limited terms of service in eldership. A minority report was presented, declaring the sufficiency of the judicial decision already made. Both reports were tabled. The Moderator, Dr. Nicolis, with Drs. Hatfield, Adams, Backus, Tryon, Edwards, and T. Raiston Smith, were appointed to consider and report next year upon the methods of publicly recognizing persons received to membership in the Church.
